**How we develop?**

1. **You’ve an App Idea!**
   - We create a user story by asking the questions

2. **Prototype**
   - We create wireframes to identify problems before they arise

3. **Feature Set**
   - We define the elements as development guidelines for coding

4. **Graphic Design**
   - We refine the appearance of elements till you’re pleased

5. **App Development**
   - Our approach to programming in iterations improving in each stage

6. **Beta Release**
   - For your review purpose, we setup the app at staging within a limited group

7. **App Store Launch**
   - The new app is ready for download
At Pccube Softtech, our developers & designers are highly proficient & creative to work on any type of application. Our team has already developed various types of apps that include:

- Business
- Health & Fitness
- Entertainment
- Maps & Navigation
